Equities Market Commentary & News

Activity on the bourse during the week was marked by sellers dictating price movements as significant shares of most companies were quoted on the buy side of the market. This saw the prices of UT Bank, Ecobank Transnational Incorporated, CAL Bank, Benso Oil Palm, Ghana Oil and two others close the week on upbeat notes. As a result, the Year-To-Date return of the benchmark Composite Index maintained its upward run, improving from 14.51% to an all-year-high of 15.42%, which is better as compared to the -11.20% recorded on 23/06/2017. During the week, Black Star Holdings Ltd (BSHL), a wholly owned subsidiary of LeapFrog Strategic African Investment acquired minority stake in Enterprise Group Ltd (EGL). Per the agreement, BSHL takes over the ownership from Sanlam Emerging Market Proprietary Ltd and will inject US\$180 million into the business.
